PAO STEEL PENDANT

DESIGN BY NAOTO FUKASAWA

The Pao collection of lamps is an exciting collaboration with established Japanese designer Naoto Fukasawa. Named after the soft, glowing shape of traditional Mongolian Pao tents illuminated at night-time, Fukasawa set out to encapsulate the same atmospheric warmth and friendliness in the Pao Steel Pendant. Pao draws on Fukasawa's aesthetic of beautiful simplicity; creating an everyday object that draws on design values existing in the natural world. By keeping the aesthetics modest and simple, he brings the design into harmony with its environment, reinforcing his primary intention of making the atmosphere pleasant and comfortable. Thanks to developments in the latest LED-bulb technology, the light source can be concealed from view within the shade, which is closed off with high-quality Acrylic (PMMA) diffuser, resulting in a clean and simple design with no visual intrusions. The pendant's shades are crafted from steel with a high-gloss finish and are available in different sizes and colours. Their functionality and the deliberate simplicity of the design make them suitable for a wide range of spaces and uses in domestic and corporate environments.

PRODUCT DETAILS

/ Part of a progressive and technologically advanced lighting collection.
/ A family of functional and elegant pendants in different sizes in high-gloss steel or glass.
/ CE approved.
/ Designed for use with a replaceable standard retro fit LED dimmable bulb.
/ The fitting can be used in conjunction with a number of standard wall mounted dimming control units.
/ The lamp is suitable for both private and office environments.
/ Qualified for contract use.

HAY

MATERIAL

SHADE / Pressed steel with a high-gloss wet spray finish.

DIFFUSER / Injection moulded opalescent acrylic (PMMA).

CORD / Braided fabric cable with a silicone insulation.

HEIGHT / 16,25 cm / 6,4"

TECHNICAL SPECIFICATION

PAO PENDANT 230

/ RECOMMENDED LIGHT SOURCE / 2 X G9 LED
/ POWER (WATTS) / 3-5W
/ DIMMABLE / Yes*
/ POWER SUPPLY / 220-240V AC at 50/60HZ
/ CORD LENGTH / 400 cm
/ SWITCH / No

*If used in conjunction with a wall mounted dimmer and
suitable LED bulb. Bulb not included.

TEST SPECIFICATION*

/ FLUX (LUMENS) / 300-600lm
/ CCT & CRI / The levels will vary depending on the type of
  bulb used in the lamp.

*Photometrics and the specification shown is taken using the
recommended LED G9 bulbs fitted in the production luminaire.
CERTIFICATIONS

CE approved: This product has been assessed and complies
with the essential requirements of the relevant European
directives.
